

azuga SafetyCam™

Technology You Need at a
Price You Can Afford

70% of accidents are not the fault of your drivers.
Prove it with your most accurate witness.

Azuga SafetyCam™ works with Azuga Fleet and Azuga FleetMobile to provide an integrated solution that delivers real benefits that help reduce risk, coach drivers and improve safety.

Benefits

Reduce the risk and cost of accidents that goes far beyond repair costs and insurance deductibles.

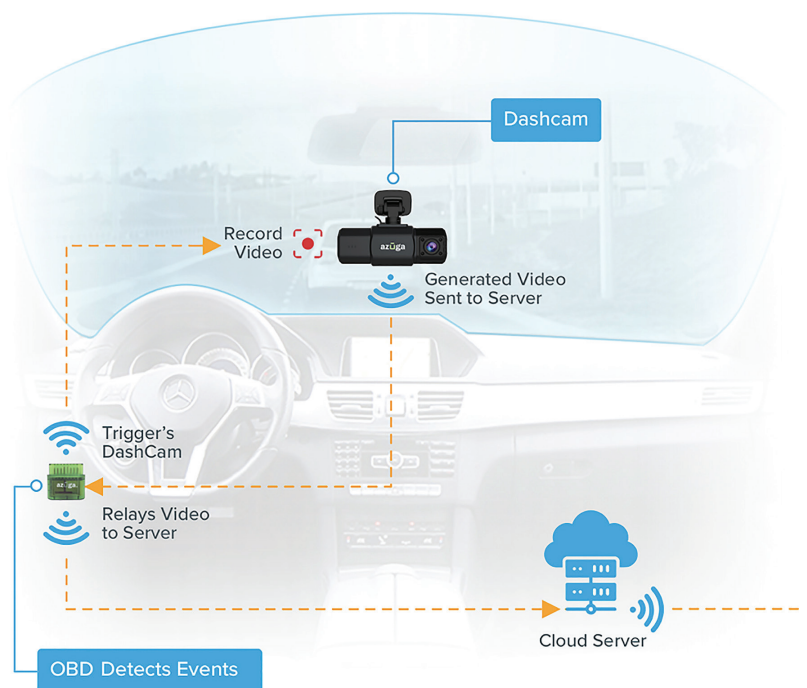

Get visibility into unsafe driving activity with event-generated videos within Azuga Fleet.

Identify and coach high-risk drivers better to get them the help they need before accidents occur.

Get the whole picture and quickly investigate what happen before and after harsh driving events.

Prevent frivolous claims and exonerate your drivers with evidence from your most accurate witness.

SafetyCam Operation
